

*To build healthier Hispanic communities we connect partners
and develop leaders who impact transformational strategies
for education, scholarship and research.*

The HDAF cordially invites you to attend

The Symposium of Findings

at the

GREATER NEW YORK DENTAL MEETING

on

**PROGRESS & INNOVATION FOR THE ORAL HEALTH OF
UNDERSERVED POPULATIONS**

Symposiums were held around the country and included dental school deans, students, researchers, industry leaders, organized dentistry leaders, and impassioned oral health care providers. Discussions focused on innovative opportunities to meet the needs of underserved communities, children, the elderly, and special needs patients both here in the US and globally. The role of the practitioner, industry, organized dentistry, and dental schools in addressing these needs were examined.

*****It is now time to formulate a vision and action plan for the future. *****

Monday, November 28, 2016

Jacob Javits Center

Room 1E03/04/05
